Subject Re: Port 104(e) Request - Question 11 Parties 📎

Sara -

Here is the information on the list of entities for which the Port of Portland requested. I was able to determine the locations for most of the entities, however a Port of Portland affiliated location for Safety Kleen could not be determined. Safety Kleen appears to be a subcontractor of parts cleaning solvents, and is mentioned at several Port of Portland owned facilities as a subcontractor. Safety Kleen does not appear to directly operate any PoP parcels, but they do provide services to some PoP tenants.

Please let me know if you have any questions regarding these or any other entities.

Subject Port 104(e) Request - Question 11 Parties

Hi Kristine,

Thank you for taking the time to meet with us yesterday. As promised, here is a list of the parties referenced in question number 11 in which the Port needs a reference for the specific property to which they're tied:

A. Beall Pipe, Inc.

E. Cascade West
L. Pacific Pine
M. Port of Cascade Locks
O. Safety Kleen
Q. Speed Towing
T. Tristar Transload, Inc.
X. West Coast Paper Company
Y. Western Transportation

Please let me know. To make it easier, you can simply provide the LECG parcel numbers for this list, and if you want to send it along with the complete parcel list you are preparing, that would be fine.

Thanks!

Sara
